

WHITEFISH MENU COVER

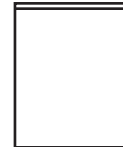

soft daytona material with matching trim

The Whitefish Menu Cover comes in a number of styles glued over a rigid board for added strength and support. The Whitefish provides the opportunity to deboss or foil stamp your logo on the front/back of the menu. The exterior panels are turned and sewn and finished with 1" x 1" square corners in black, brass, antique brass or nickel plating. The inside of the menu cover is finished using a durable 9.5 mil. rigid plastic in clear or frosty finish that will resist bending or cracking. The edges of the inside panels are covered in a double folded matching vinyl trim and double stitched for added strength and appearance. The optional inside panels are offered with matching square 3/4" x 3/4" corners.

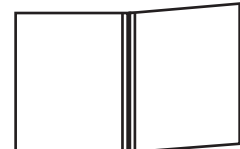

A. Single Panel – 1 Viewing Side – ITEM - WMC-1V

	25	50	75	100	150	200	250
